Omnibus Funding Opportunity Title	Research Opportunities in Space and Earth Sciences - 2006
Omnibus Funding Opportunity Number	<a href="#">NNH06ZDA001N</a>
Program Element Title	International Polar Year (IPY) Education and Public Outreach
Program Element Number	<a href="#">NNH06ZDA001N-IPYEPO</a>

## Introduction

Please read this entire document first before you begin to prepare your grant application. It describes the contents of this zip file and provides reference documents for applying to this NASA funding opportunity via Grants.gov.

## Contents

The following documents are included in this zip file:

1. Instructions:
  - a. NASA\_Grants-gov\_Instructions.pdf: These instructions provide general guidance on how to prepare and submit a grant application via Grants.gov in response to a NASA Research Announcement or Cooperative Agreement Notice.
  - b. README\_FIRST.pdf: This document, which augments the general instruction document listed above.
2. PDF Forms:
  - a. ProposalSummary.pdf: This is a writeable PDF form for the project summary, into which you can write, or copy and paste, your project summary. The SF 424 form family used by Grants.gov requires an attached document for the project summary. NASA requires that you use this PDF template for that attachment.
  - b. IPYEPO06\_PSD.pdf: This is a writeable PDF form that contains questions specific to this program. These questions are referenced in the solicitation announcement. NASA requires that you provide the answers in this document, and attach the document to the NASA Other Project Information form in your application.

The PDF forms listed above can also be downloaded from the following URL:

<https://nspires.nasaprs.com/Grants.gov/>

## References

The following references will help you prepare, complete and submit your grant application. If you cannot click on any hyperlinks included below, please copy and paste the complete URL into your browser. Please refer to the complete solicitation announcement or program element page on NSPIRES for any amendments. In addition, if you receive notification from Grants.gov

that the application package has been updated, check the program element index page on NSPIRES.

The complete omnibus NASA Research Announcement can be found on the ROSES 2006 solicitation index page, at the following URL:

<http://nspires.nasaprs.com/external/solicitations/summary.do?method=init&solId={307FF8D5-59A9-E2E0-0637-6ED8AB166C4F}&path=open>

Information related to this specific program element can be found on the IPYEPO06 program element index page at the following URL:

<https://nspires.nasaprs.com/external/solicitations/summary.do?method=init&solId={8D88EA02-BD99-C8F5-A883-22C16E512359}&path=open>

The *Guidebook for Proposers Responding to a NASA Research Announcement* can be found at:

The Portable Document Format (PDF) templates included in this zip file are specially created forms that allow you to edit and save data in the form without using a PDF writer. The data saved in these forms is stored in XML format. In order to use these forms, you must use the free Adobe Acrobat reader version 7.0 or later. The Adobe Acrobat Reader can be downloaded at the following URL: [http://www.adobe.com/products/acrobat/readstep2\\_allversions.html](http://www.adobe.com/products/acrobat/readstep2_allversions.html).

## **Instructions for Program-specific data questions**

The following are instructions for completing the program-specific questions for the International Polar Year (IPY) Education and Public Outreach program. These questions can be found in the file IPYEPO06\_PSD.pdf in this zip file.

**Question 5) Team Members Missing From Cover Page:** List all participants in this investigation, both requesting funding and not requesting funding, who do not appear on the proposal's cover page as a Co-investigator, Collaborator, or any other category of participant. Include name, institution, city, state or country, and a description of the role in five words or less (e.g. data analyst, facility provider, support technician).
